Important Notice to ASTET TRADE and our Russian Customer.

There is in fact an error on our Nanö snowsuits care label. The word: **PADDING**, in Russian translation, is incorrect. Please assure your customer that this is a translation error only, and assure them that the Padding or Insulation composition is in fact made with 100% Polyester and the brand name is Polyfill. The word СИНТЕПОН (SYNTHEPON) is not right and will be changed next season.

Sorry for this error.

Best regards
